Reason for leaving: Returning back to school to do my first year.

July 2011- September 2011: **VERTIGO (WOODLANDS)**

I worked as a freelance stylist; my duties were to help customers with putting together an outfit. Due to the fact that I only worked on weekend and holidays my target was an estimation of R80, 000.00 per month.

Reason for leaving: The Company did not deliver what was promised and there were payment issues.

April 2012-2014: **THE SPACE (BROOKLYN / WOODLANDS)**

Worked as a sales assistant in a life style store selling home ware and South African designer clothes such as Amanda Laird Cherry and Colleen Eitzen. I also assisted with visual merchandising of the store by creating a themed seasonal layout.
